

College of Engineering and Information Technology

Graduation Requirements:

The college grants the following academic degrees:

1. B.Sc. in Computer Science,
2. B.Sc. in Software Engineering,
3. B.Sc. in Computer Engineering, and
4. B.Sc. in Network and Communications Engineering.

Graduation Requirements for B.S.C in Computer Science and Software Engineering Programs:

Requirements for a bachelor degree in either of the two programs are 123 credit hours distributed as follows:

Number	Course Name	Total Cr. Hrs
1	General Education	33
2	College Requirements	27
3	Specialization Courses	45
	• Compulsory Courses	39
	• Elective Required Courses	6
4	Internship	3
5	Supporting Courses	6
6	Free Elective Courses	6
7	Capstone Project	3

Total	123
--------------	------------

Graduation Requirements for B.S.C in Computer Engineering and Network and Communications Engineering Programs:

Requirements for a bachelor degree in the Computer Engineering and Network and Communications Programs are 140 credit hours distributed as follows:

Number	Course Name	Total Cr. Hrs
1	General Education	33
2	College Requirements	25
3	Specialization Courses	70
	• Compulsory Courses	64
	• Elective Required Courses	6
4	Internship	3
5	Supporting Courses	6
6	Capstone Project	3
Total		140
